2.3.b INITIAL APPLICATION ACCESS IN 2014-15

Fill in the following table:

2.3.b Initial Application Access				
List the languages in which the initial application form is available.	English,Spanish,Portuguese or Portuguese Creole			
Is the initial application available at all school locations? (Y/N)	Yes			
Is the initial application available online? (Y/N)	Yes			
If yes, provide the URL:	http://newarkenrolls.org/			

2.3.c INITIAL APPLICATION PROCESS

Fill in the following table:

2.3.c Initial Application Process			
Start of Initial recruitment period: Date initial application for prospective students <u>was made available</u> for students/parents/guardians to enroll in the 2015-16 school year.	2015-01-06		
Application deadline: Date initial application for prospective students <u>was due back to the school</u> for students/parents/guardians to enroll in the 2015-16 school year.	2015-02-13		
List the public avenues that the school utilized to advertise that applications are available to enter the school's lottery (e.g. local newspapers, school website)	Newark Public Schools website, school website TV and Radio Commercials (PreK only), phone broadcasts, city wide school fairs, local school open house, flyers in student backpacks, flyers at PreK sites & community agencies		

2.3.d ADMISSIONS LOTTERY INFORMATION

Fill in the following table:

2.3.d Admissions Lottery Information			
Did your school hold an admissions lottery for students and parents/guardians to enroll in the 2015-16 school year?	Yes		
Date of admissions lottery for students and parents/guardians to enroll in the 2015-16 school year	2015-03-25		
Location of admissions lottery for students and parents/guardians to enroll in the 2015-16 school year	The algorithm was run by Newark Public Schools at 2 Cedar Street, Newark, NJ.		

2.3.e ADMISSIONS LOTTERY COMMUNICATION

Describe how the school's lottery date was communicated to students and their parents/guardians. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

We participated in a US Department of Education and New Jersey Department of Education approved centralized weighted lottery system known as One Newark Enrolls. The lottery date was communicated to students and their parents/guardians in multiple ways: on the Newark Public Schools website; on the school website, through TV and Radio Commercials (PreK only); phone broadcasts; city wide school fairs; local school open house; flyers in student backpacks, and flyers at daycare sites and community agencies

2.3.f ENROLLMENT PROCESS

Address the following questions regarding your enrollment process:

2.3.f Enrollment Process		
Required documentation: What documents do you require students and their parents/guardians to produce in order to enroll in your school?	Proof of age (birth certificate, passport, or baptismal certificate); Proof of residency (multiple options, one must be from the last 30 days); Proof of immunization as required by age.	
Submission timeline: What is the specific timeline for parents/ guardians to submit the required documentation?	After each round we provide up to 30 days to register. If necessary, additional time is provided to families if they respond within this window but still need to secure necessary documentation.	

After a student has been accepted to your school through the lottery, describe the process by which a student is officially enrolled. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

Families are notified of acceptance in the lottery by email and by letter with instructions to call the school and arrange an appointment for registration, or to attend one of several pre-scheduled registration dates (held both on weekdays and Saturdays to accommodate parent work schedules). Prior to coming to the school, parents are notified that they need to provide proof of age (birth certificate, passport, or baptismal certificate); proof of residency (multiple options, one must be from the last 30 days); proof of immunization as required by age, as outlined in the One Newark Enrolls Registration Cover Sheet. When they come to the school, they meet with: office staff to collect information and documentation; social worker to discuss student needs; school nurse to address health issues; and a teacher to assess their educational needs. If available the principal also meets with the family and a tour of the school is given.

2.3.g RECRUITMENT AND MARKETING EFFORTS

Provide evidence of recruitment and marketing efforts that demonstrate that the school has made a commitment to serving all students, especially highest needs students such as special education students, English Language Learners, students who qualify for free or reduced-price lunch, and other underserved or at-risk populations. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

University Heights Charter School is open to all Newark students on a space available basis and does not discriminate in its admission policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, proficiency in the English language, or any other basis that would be illegal if used by a charter school, either by policy or any other means.

The school is committed to serving all students, as demonstrated by its recruiting efforts and making application information and materials accessible to families. The lottery date was communicated to students and their parents/guardians in multiple ways: on the Newark Public Schools website; on the school website, through TV and Radio Commercials (PreK only); phone broadcasts; city wide school fairs; local school open house; flyers in student backpacks, and flyers at daycare sites and community agencies.

We participated in a US Department of Education and New Jersey Department of Education approved centralized weighted lottery system known as One Newark Enrolls. This lottery system provides preference for students with IEPs and students eligible for free lunch in the Newark Universal Enrollment System, in accordance with federal regulations.

The results speak for themselves. Our enrollment demographics is 100% minority, 87% low income, and 11% special education, Newark Public School analysis of district and charter school demographics indicates the make-up of the enrollment of University Heights Charter School demonstrates more need than the average district school and more need than most charter schools.

2.3.h WAIT LIST POLICY

Address the following questions regarding the school's wait list:

2.3.h Wait List Policy			
How does the school order students on the wait list?	The One Newark Enrolls algorithm assigns wait list order based on results from the algorithm.		
When does the school close the wait list for the current school year?	Never.		
What do you do with students who are still on the wait list when the school closes it for the current year?	We start each year with a new waitlist supplied by the One Newark Enrolls system. The old waitlist is discarded.		

2.3.i BACKFILLING POLICY

Describe your school's policy regarding backfilling. Make sure to address the following questions in your response: Do you backfill at every grade level? Do you backfill all year, or do you stop at a particular point in the year? Do you backfill from year to year? *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

Our school backfills at every grade-level range (PreK, K-5, 6-8) to reach the seat capacity approved by the Office of Charter Schools. We backfill all year as long as students are available on the waitlist and are willing to transfer. In practice, by spring this usually means we are unable to fill seats because wait lists are exhausted or students are unwilling to transfer so late in the year.

2.4.a SCHOOL SUSPENSIONS AND EXPULSIONS

Provide information regarding the school's suspension and expulsion numbers for the 2014-2015 school year

	2.4 .a	School Suspensions and	l Expulsions

2.4.b DISCIPLINE POLICY REGARDING SUSPENSIONS & EXPULSIONS

Briefly describe your school's discipline policy as it relates to suspensions and expulsions. *Limit your response* to 1 page maximum, which is around 550 words or 3,760 characters.

Our discipline policy as it relates to suspensions and expulsions is defined by our Tiered Code of Conduct which include four levels:

Level I infractions are misbehaviors the part of the student which interfere with orderly classroom procedures or the orderly operation of the school. These include disruptive behavior, classroom tardiness, failure to complete assignments or carry out teacher directives, failure to follow instructions, or wearing of or other apparel that can be disruptive to the educational process. Possible consequences for such actions include deduction of behavior points (Loss of 1-3 "Scholar Dollars"), sitting out of class for five minutes ("Time Out"), and/or filling out of a behavior modification form ("Refocus Form"). Failure to accept these consequences may result in phone call home to parent/guardian.

Level II infractions include misbehavior whose frequency or seriousness tends to disrupt the learning climate of the school. These include unmodified Level I misconducts, disrespect of teacher, or abusive language. Possible consequences for such actions include larger deductions of behavior points (Loss of 3-5 "Scholar Dollars"), sitting out of class for five minutes ("Time Out") or being sent to the Dean of Students, filling out of a behavior modification form ("Refocus Form"), and/or loss of recess/lunch. Failure to accept these consequences may result in phone call home to parent/guardian and/or parent meeting.

Level III infractions include acts directed against persons or property. These include unmodified Level II misconducts; continued disruptive behavior; extreme defiance; graffiti and vandalism; stealing, threats to others; cheating and scholastic dishonesty; gender, racial, or ethnic harassment; unauthorized use of cellular phone; using forged notes; and cutting class. Possible consequences for such actions include larger deductions of behavior points (Loss of 10 to 20 "Scholar Dollars"), being sent to Dean of Students, In-School and/or Out of School Suspension. Parent contact is required.

Level IV infractions include acts which result in violence to another person or property or which pose a direct threat to the safety of others in the school. These include unmodified Level III misconducts; possession/use/transfer of weapons; extortion; threat to teachers; fighting; bomb threat; alcohol/smoking/gambling; theft/possession/sale of stolen property; intimidation/bullying; sexual harassment/assault; arson; possession/use/selling of unauthorized or illegal substances; and/or use of cell phone to post pictures on social media or to facilitate the commission of a crime or to inflict injury or harm to persons or property. Consequences for these infractions always include out-of-school Suspension. Multiple offenses can result in increasing amounts of days of out-of-school suspension.

Expulsion Consideration: After 3 or more suspensions without improvement in behavior a scholar may be placed on 45-day suspension with home instruction to consider the need for alternate placement or expulsion. This action must be board approved. Subsequently the parent is given notice that the Board of Trustees has decided will hold a hearing regarding to consider whether further long-term removal or expulsion is warranted. Parents are provided in advance documentary evidence the Board may rely upon at the hearing. Parents have the right to have an attorney of their choice and their expense present at the hearing. They may also make arrangements to have the proceeding recorded. Any further appeals are handled as required by state regulation. The school has only had 1 expulsion in its history and none in the past 5 years.

3.1.a MISSION AND EDUCATION PROGRAM

Provide a synopsis of the school's mission and educational program including key components of the education model and any unique or innovative features of the school. Make sure to note all of your extracurricular offerings. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters*

The mission of University Heights Charter School (UHCS) is to develop in each student the character, scholarship, and leadership necessary for success in life, college, and community.

Local community members founded our free, public, charter school. It opened in Fall 2006 with 120 students in grades K-2 and now serves 625 students in grades PreK-8 on a two-building campus.

Our model derives from a theory of change grounded in six core beliefs. These core beliefs drive the key activities of our strategy that lead to our desired outcomes:

1. All students can achieve high levels of character, scholarship and leadership. Our student is 100% minority and 95% low income, representative of our Newark community. There is no entrance exam: all students are enrolled through the One Newark System. We also serve a range of special education students with services including speech therapy, braille services, mental health services, in-class support, and special classrooms with low student to teacher ratios.

2. Effective instruction is the single greatest factor in increasing student achievement. Because we believe all children can achieve at high levels, good teaching is the most important factor in determining whether every child achieves their potential. UHCS is committed to extended day and year initiatives that combined offer over 20% more learning time. All students get the same college-ready curriculum based on the Common Core and NJ Core Curriculum Content standards.

3. Great teachers are the key to effective instruction. The impact of high quality curriculum and more learning time is only as strong as the quality of teachers delivering the instruction. UHCS spends significant resources attracting and hiring the most highly qualified and certified teachers available, with many times more applicants as openings. Once teachers are hired we provide extensive support and professional development including up to three weeks in the summer.

4. Strong school culture makes effective instruction possible. Good instruction can be thwarted by a culture of low expectations. Therefore UHCS emphasizes building strong school culture. This begins with orientation where students learn our expectations. All students wear uniforms to demonstrate school pride and promote unity. Character education revolves around our REACH core virtues of Respect-Excellence-Accountability-Caring-Honesty, with discipline strictly enforced.

5. Data-driven decision-making improves instructional effectiveness. Teaching has not happened if students have not learned, and the only way to determine that is through assessment. Therefore UHCS employs many formal and informal assessments to track student progress. Based on the results, teachers can then adjust instruction to ensure maximum learning has taken place.

6. Partnerships with parents & community reinforce student learning and achievement. University Heights recognizes that parents are the primary teachers of students. We seek their partnership in every way possible, including regular parent meetings and workshops. The school also works with key community partners to enhance

the school's education program. These partners include; Bethany Baptist Church, Effective School Solutions, New Classrooms Innovation Partners, the NJ Symphony Orchestra, Teach for America, New Leaders for New Schools, the National Academy of Advanced Teacher Education, Big Brothers Big Sisters, Students 2 Science, Schools that Can, and the Newark Arts Education Roundtable.

Extracurricular offerings include our sports (basketball, volleyball), arts (dance, theater, music), technology, and aftercare.

3.1.b CURRICULUM ALIGNMENT TO STATE STANDARDS

Describe how the school ensures that its curriculum is aligned to state standards. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

At University Heights Charter School the curriculum for every student is aligned to New Jersey Core Curriculum Content Standards and the Common Core Standards. All students have the same performance expectations. No students are tracked into lower level classes.

The school ensures the curriculum is aligned to the state standards in multiple ways:

• All teachers are trained New Jersey Core Curriculum Content Standards and the Common Core Standards during two weeks of summer professional development. At this time teachers are provided copies of all the standards relevant to their subject matter.

• All lesson plans must include documentation of alignment to the New Jersey Core Curriculum Content Standards and the Common Core Standards and are reviewed each week by an instructional leader.

• All teachers are observed and provided feedback on a regular basis. The rubric for these observations and feedback include criteria for alignment to standard.

• The school also administers quarterly assessments designed and scored by the Achievement Network. This national nonprofit provides tools and support for urban, low-income schools to close the achievement gap. Their assessments are aligned to the Common Core Standards and state assessments. Each assessment targets specific standards. Teachers receive results within several days online and write action plans to remediate academic needs. Teachers then reteach necessary topics using different strategies and reassess students to ensure they make progress towards full proficiency. Results are also benchmarked against other schools to facilitate best practice sharing.

5.a SCHOOL ENGAGEMENT OF FAMILIES/GUARDIANS

Describe how the school engages families/guardians and encourages their involvement in the school. Discuss the resources that are available to students and parents/guardians. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters.*

UHCS realizes it "takes a village" to educate a child and works with other stakeholders to provide the strongest education program possible. Foremost the school recognizes that parents are the primary teachers of students. We seek their partnership in every way possible. This includes daily interaction through phone calls and contact at drop-off and dismissal. Parent-teacher meetings are scheduled as needed. Regular workshops, including Back-to-School Night, help parents provide the most support to their child. The Parent-Teacher Organization provides a forum for parent involvement and volunteering. Cultural events, including music performances, Hispanic Heritage Month Celebration, Black History Month Celebration, and Field Day, build positive relationships. Our board also periodically recognizes student success, inviting parents to attend. One parent also sits on the Board of Trustees.

5.b SCHOOL PARTNERSHIPS

Describe the school's partnerships with educational or community institutions and how they enhance the school's mission and education program. In your response, include a description of each partnership and the number of students/staff involved in each partnership. *Limit your response to 2 page maximum, which is around 1,100 words or 7,520 characters*

University Heights Charter School works with key local partners to enhance the school's education program, including:

• Bethany Baptist Church: Supported the founding of the school and now provides assistance with community engagement and volunteer service opportunities.

• New Jersey Symphony Orchestra: Provides a unique, site-based, intensive instrumental music program based on the El-Sistema model that teaches string instruments to 50 scholars for 6 hours afterschool each week.

• Big Brothers Big Sisters of Essex, Hudson & Union Counties: Provides about 50 mentors per year for scholars who meet weekly with a "Big" on our school site to chat, do homework, or play games.

• Science 2 Science: Provides 50 middle school students with authentic STEM-related work experience in a state-of-the-art laboratory in East Hanover.

• Newark Arts Education Roundtable: Supports arts education experiences for all Newark children, and has connected our students to great art programs. Our Executive Director serves on the leadership council.

Key national partners include:

• Achievement Network: Provides tools and support for urban, low-income schools to close the achievement gap. Their assessments are aligned to the Common Core Standards and state assessments. Each assessment targets specific standards. Teachers receive results within several days online and write action plans to remediate academic needs. All literacy and mathematics teachers in grades 2-8 (~20 teachers) use the system.

• Teach for America: Provides high quality, dedicated teachers and ongoing professional development support. Each year 1-4 teachers participate in the program.

• New Leaders for New Schools: Trains school leaders, places resident principals on-site, and coaches our staff to achieve high results. Four current school leaders, and eight in our history, have participated in the program,

• National Academy of Advanced Teacher Education: Develop, leverages, and retains our nation's top-tier teachers for improved student and school performance through an intense, advanced program of study that balances instructional mastery and leadership. Four teachers have participated in the program.

• Education Pioneers: Trains leaders and managers from a variety of professional and educational backgrounds to transform education so that all students receive an outstanding education. We have hosted three fellows.

• Schools that Can: Connects high performing independent, district, and charter schools to share best practices and improve urban education quality nationwide.

6.1.b BOARD PROCESS TO EVALUATE LEADERS

Describe how the board of trustees evaluates the school leader(s) and/or management organization (CMO or EMO) on an annual basis and holds these individuals accountable for meeting specified goals. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters*

One of the most important roles of a charter school board is to hire and then annually assess the performance of its school leader. Best practices indicate the value of following a formal process to gather data from multiple constituents and review performance relative to goals and competencies required for the job. This ensures the school leader is clear on what the board expects, and understands how he or she is doing relative to those expectations.

When this process is executed effectively, it can lead to higher engagement, productivity and retention of the school leader and ultimately result in a better learning experience for students. Having clarity on goals and frequent dialogue on performance can also make the job of the board easier if and when performance issues surface. Many boards recognize and understand the significance of this responsibility, yet may not plan for it adequately or know what process to follow.

Each year University Heights Charter School completes a comprehensive evaluation of the school leader using a professional online tool, The High Bar's assessments on the Board on Track platform, developed by charter school governance expert Marci Cornell-Feist. This process includes a timeline with actions as well as an evaluation tool for boards to use that is confidential and electronically administered.

First, in August, the Board ensures school leaders goals have been set, clarified and agreed upon at the beginning of the year.

Each month, the board tracks formative progress towards those goals at the board meeting. The school leader provides updates.

In May the formal summative evaluation process begins with data collection. The school leader completes an online self-evaluation including an update on goals. All school staff members take a survey on school performance, which include a section evaluating the school leader. An online survey is launched that distribute as a link to the full board and senior staff including sharing CEO self-evaluation with participants. Participants provide feedback via the survey tool.

In June, the data is assessed and evaluated by the Governance committee, which determines an overall performance rating and themes for discussion.

At the June Board meeting, the Governance committee shares the results with the full board in closed session for alignment and discussion. A final evaluation, renewal decision, and salary is approved via resolution

Afterwards, the board chair and at least one other board member conduct a performance evaluation discussion with the school leader. Subsequently, over the summer, action items based on results are discussed and agreed between board and school leader. These become incorporated in the goals set by the Board in August, and the process starts over

6.1.e BOARD SELF-ASSESSMENT

Describe how the board assesses its own performance annually. *Limit your response to 1 page maximum, which is around 550 words or 3,760 characters*

Each summer the University Heights Charter School Board of Trustees completes a comprehensive evaluation using a professional online tool, The High Bar's assessments on the Board on Track platform, developed by charter school governance expert Marci Cornell-Feist.

These assessments are highly effective tools that a) gauge individual knowledge on board topics, b) provide an indicator to the board about where the board as a whole needs additional support, and c) based on current knowledge level, will suggest customized recommended reading. Taking the assessments annually reveals areas that need continued focus as well as new areas to delve into.

The results of these assessments are reviewed at the August Board meeting and recommendations are made to improve for the following year.

SECÇÃO C: Informação de Escolas e irmãos

Por favor, liste até 8 escolas em ordem de preferência. Por favor, só selecionar as escolas que você gostaria que seu filho frequenta-se, como seu filho pode ser atribuído qualquer escola classificada. Uma Newark Enrolls tentará corresponder cada criança com sua escola de preferência que tem disponibilidade de assentos. As famílias são encorajados a escolher várias escolas em que eles estão interessados em participar, pode ser até até 8. Por favor, indique se a criança tem um irmão em qualquer escola que esta na lista, e em caso afirmativo, forneça o nome e o grau dessa criança

SECCIÓN C: Opciones de Escuelas e Información de hermanos

Por favor enumere hasta 8 escuelas en orden de su preferencia. Por favor, seleccione sólo las escuelas que le gustaría que su hijo asistiera, ya que su hijo podría ser asignado a cualquier escuela que califique. El Programa «One Newark Enrolls» intentará asignar cada niño con la escuela de más alta preferencia de acuerdo con la disponibilidad de plazas. Incentivamos a las familias a seleccionar todas las escuelas que quieran que su hijo/a asista, hasta 8.

Por favor indique si su hijo/a tiene un hermano en las escuelas en la lista, y si este fuera el caso, provea el nombre del niño/a y el grado

Elección	Código de la Escuela	Nombre de la Escuela	Hermano/a en la Escuela?	Información del hermano/a (Si s	se aplica)
1er			□ Si►	Nombre y Apellidos del hermano/a:	Grado de hermano/a
2do			□ Si ·····•►	Nombre y Apellidos del hermano/a:	Grado de hermano/a
3ero			□ Si ·····►	Nombre y Apellidos del hermano/a:	Grado de hermano/a
4to			□ Si ·····►	Nombre y Apellidos del hermano/a:	Grado de hermano/a
5to			□ Si ·····►	Nombre y Apellidos del hermano/a:	Grado de hermano/a
6to			Si ·····•	Nombre y Apellidos del hermano/a:	Grado de hermano/a
7mo			Si ······	Nombre y Apellidos del hermano/a:	Grado de hermano/a
8vo			□ Si ·····•►	Nombre y Apellidos del hermano/a:	Grado de hermano/a

Marque aquí si desea participar en el "Enlace de Hermanos" (Sibling Link). Esto significa que si tiene varios niños que están aplicando el presente año, a usted le gustaría tener la prioridad de matricularlos en la misma escuela. Por favor, asegúrese de incluir en las opciones de las escuelas la misma lista y en el mismo orden para todos los niños.

Appendix C: 3.2.a 2013-14 ACADEMIC PERFORMANCE

According to the 2013-2014 K-8 Performance Framework Report issued by the Office of Charter Schools in March 2014, University Heights Charter School (UHCS) was ranked as a Tier 2 (Middle Performer) school.

To make this determination, the Office of Charter Schools first examined the key performance indicator of Absolute Performance. To meet this target, the school must hit at least 75% combined average % passing (e.g. % Proficient & Advanced) rate on state assessments for language arts literature and math. UHCS did not meet this target because its combined average % passing (e.g. % Proficient & Advanced) rate on state assessments for language arts literature and math.

As a result, the Office of Charter Schools considered three other key performance indicators:

- Comparative Performance (HIT TARGET): UHCS did meet this target because its combined average % passing (e.g. % Proficient & Advanced) rate on state assessments for language arts literature and math was 53%. This was 12 percentage points higher than the host district rate of 41%. For schools which have over 50% passing rate, a school must exceed the district passing rate by at least 10 points to meet the target.
- Student Growth (MISSED TARGET): UHCS did NOT meet this target its average median student growth percentile on state assessments for language arts literature and mathematics was 42. The school must have a percentile of 50 or more to meet this target.
- 3. Peer Percentile Rank for Academic Achievement (HIT TARGET): This school met the target for this key performance indicator, derived from the NJ School Performance Report, because the school outperformed 72% of schools on the state assessment educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. The school must have a percentile of 50 or more to meet this target.

Because the school hit 2 of the 3 targets, it was classified as a Tier 2 (Middle Performer) school. Overall, the school outperformed host district and peer schools but lagged statewide growth and performance.

In terms of subgroups, because the school's population is overwhelmingly African American (86%) and low-income (87%) these groups are the only subgroups tracked under the NJ Department of Educations NCLB waiver and because they constitute most students, have performance statistically indistinguishable from the school population as a whole. For example, in 2013-2014, the school as a whole had a 49.5% pass rate in language arts, a 48.4% pass rate for African-Americans, and a 50.7% pass rate for economically disadvantaged students. Similarly, in mathematics, the school as a whole had a 62% pass rate in language arts, a 60.8% pass rate for African-Americans, and a 63.2% pass rate for economically disadvantaged students.

While performance has improved significantly over the past 5 years overall, and proficiency rates at UHCS overall have always exceeded the resident district, the school continues to strive to meet statewide averages and its ultimate goal of 100% proficiency for all students in all grades. The school is responding to these challenges with the following measures:

- Raised academic and cultural expectations: This past year expectations rose in terms of student performance and behavior. Stronger systems of accountability, supported by two full time deans and additional supervisory systems, are ensuring strong implementation. This will continue in 2015-2016.
- **Deeper, extended literacy blocks:** Grades 3-8 were led by a new principal this year, Nikki Jones, who was formerly an English Language Arts instructional leader. She has also been recognized as Charter School Teacher of the Year while teaching at the highly successful North Star Academy. She has revamped the entire ELA curriculum to be more rigorous and aligned with Common Core Standards. We have also increased instructional time in ELA. Staff has had extensive training in this unified, proven approach. Regular observation and feedback is supporting strong implementation. This will continue in 2015-2016.
- Better instructional support systems: The challenges of adding new grades each year, with some staff instability, revealed the need for better instructional support systems to weather any changes. To start, teams of teachers worked over the past summer to more fully plan curriculum. To better manage these materials and facilitate sharing, we have instituted online curriculum systems including *OnCourse Lesson Planner* and *IEP Direct*. Finally, we added specialized staff that support specific departments and avoid any gaps. This will continue in 2015-2016.
- Facilities stability and expansion: In September 2014 we opened our new permanent Upper School Facility that has the capacity to house the entire upper school to scale, so we expect no further interruptions. Furthermore the building is designed to fully support all aspects of our program, from state-of-the art technology infrastructure to performing arts and athletic spaces.
- Focus on existing grades with pause on growth: While our parent and community continue to advocate for the addition of a high school, we prudently recognize the need to strengthen the performance of our existing grades first. For the time being we will not be adding any more grades. This will help us focus on our existing program and leave us better prepared to add a high school should we choose to make that request.

Summer 2014 Board Evaluation

Each summer the University Heights Charter School Board of Trustees completes a comprehensive evaluation using a professional online tool, *The High Bar's* assessments on the *Board on Track* platform, developed by charter school governance expert Marci Cornell-Feist.

These assessments are highly effective tools that a) gauge individual knowledge on board topics, b) provide an indicator to the board about where the board as a whole needs additional support, and c) based on current knowledge level, will suggest customized recommended reading. Taking the assessments annually reveals areas that need continued focus as well as new areas to delve into.

Overall results of this summer's assessment are provided below, including the board's assessment and the school leader's assessment in 11 different areas. The possible scores for these assessments range from 1 = beginner to 5 = The High Bar!
