How can I help my child get the most out of *i-Ready Diagnostic & Instruction*?

• Talk with your child about how practicing *i-Ready Diagnostic & Instruction* at home will help prepare for classwork. Also, explain that *i-Ready Diagnostic & Instruction* will show teachers where your child is doing well and which topics need some more review.

• Encourage your child to use the tools provided during lessons (reference to objectives, key terms, etc.) and to use scrap paper for math computation.

• Help your child identify and become familiar with the different parts of the student home page (My Assignments, My Stuff, My Progress).

• To help your child get started, see How Does My Child Navigate *i-Ready Diagnostic & Instruction*? (p. 2).

• Have your child use the Student Instructions for Completing Online Lessons (p. 3).

• Encourage your child to take each lesson and question seriously. Emphasize “think before clicking,” because just clicking through will not give an accurate report of what your child knows and is able to do.

• Discuss your child’s results by looking together at the “My Progress” box.

• Contact your child’s teacher about how often your child should practice at home, or with any additional questions about *i-Ready Diagnostic & Instruction*.
Where can I go to see how my child is performing?
Log in with your child’s Username and Password, and view your child’s “My Progress” box. Click on “Detail” to see your child’s progress by each skill domain and standard.

How does i-Ready Diagnostic & Instruction work with what my child is learning in the classroom?
i-Ready Diagnostic & Instruction is designed to complement what is being taught in the classroom. The lessons are assigned based on how your child performed in the Diagnostic test, which he/she must complete before starting work on the lessons. The lessons are presented in three parts: tutorial, guided practice, and graded activity. Your child will get relevant instruction with supportive feedback as he/she progresses through the lessons.
